APPRECIATION FOR
BOYS WHO FOUGHTJudge Will M. Sparks Expresses
Pride For Record They Made,
At Victory Day Service

PRAISES WELFARE SOCIETIES

Enumerates Some of Things For
Which We Should be Thankful—
Rev. L. E. Brown Speaks

Appreciation of the services of the American boys who bared their bosoms to German bullets that we might live, was eloquently expressed by Judge Will M. Sparks at the Victory day union service at the St. Paul's M. E. church last night. The Rev. L. E. Brown, pastor of the Main Street Christian church, also voiced similar sentiments.

The church was filled with people for the celebration of the signing of an armistice with Germany. A quartet sang the Marseillaise. Dr. D. Ira Lambert, president of the ministerial association, presided.

Judge Will M. Sparks spoke in part as follows:

"Tonight we are enjoying that peace which passeth all understanding. We meet here tonight for the purpose of enumerating some of the things for which we are thankful. It was suggested to me that I speak for a short time from the standpoint of a layman. The more I thought about the matter, the more I came to the conclusion that there was but one standpoint because the layman's standpoint is church's standpoint and there is but one standpoint.

"There are just a few things I want to call your attention to for which we are thankful. I can not enumerate all of them. There is a perfect flood of things which come to your mind and it would be impossible to enumerate them all. I am prouder tonight of the fact that I am an American citizen than ever before in my life. I know what an American citizen means and I appreciate it more fully than ever before. I thank God that I belong to the American citizenship.

"What did we go into this war for? Not for territory. It was true to our traditions that a great and fundamental principal of life and eternity should be permanently established. We do not ask for one foot of territory. We rest secure in the knowledge that we have helped to substantiate and make permanent one of the greatest principals for which man lives and we have done it well. And we have shown the mightiest monarch, the cruellest man, the lowest down human being in the world we have shown him 'where to head in.'

Here Judge Sparks read a letter taken from a recent copy of the Literary Digest which a very clever writer suggested should be the sort of letter written from Uncle Sam to the ex-kaiser.

"I am glad that I belong to the kind of a government that has the power to write that kind of a letter to the ex-kaiser William," he continued. You remember, my friends, what this ruler once said to the United States, I don't want any foolishness out of you for after the war I will attend to you. I wonder what he thinks now. I wonder what he thinks about God now.

"I am proud of these young men of ours that have bared their bosoms to shot and shell that you and I might live. They are coming home pretty soon. Thank God, they are coming home. And these boys have been surrounded by the best influences of any army in the history of the world. And they deserve it. All these barriers are kept about our boys in protecting them from liquor and they are in better health than ever before. I hope and pray that a little of this military service may be kept intact that our young men may thus benefit.

ADOPTS DRY BILL REPORT

Senate Takes Action Which Sends
Measure to the President.
(By United Press.)

Washington, Nov. 18.—The senate today adopted the conference report on the war time prohibition bill which now goes to the president.

The measure makes the entire country bone dry after July 1, 1919. This lasts until all American troops have been demobilized. Prohibition forces say that by the time demobilization is finished the constitutional amendment making the country dry will have been ratified by the necessary number of states to make it a law.

NOT INSTRUCTED TO
STOP EXAMINATIONSLocal Army Board Has no Inform-
ation to Confirm a Dispatch
From Washington

GETS WORD TO THE CONTRARY

The local army selection board had no instructions to confirm a dispatch from Washington that all draft examinations had been called off, and this morning proceeded with the examination of registrants eighteen years of age who were ordered to report today. Registrants are also called for tomorrow and Wednesday for examination.

On the contrary, the board received a bulletin this morning, dated November 16, which indicated that the examinations should continue. Incidentally, the bulletin thanked the members of the board for their services during the draft.

"Now that hostilities have been suspended," says the bulletin, "and induction into the army stopped, I want to thank each and every member of your board from the bottom of my heart for your honest and faithful co-operation during the dark and trying days of the past. It is not the intention of this letter to convey to boards the idea that their work is ended, but simply to express to each of you the hearty appreciation and thanks of this department. Since induction has been stopped, you should now proceed rapidly with the other work and complete classification etc. of 18-year-old registrants at as early a date as possible. Please do not let your enthusiasm cease, but continue the work."

ASSESSOR IS APPOINTED

Theo. Brown Named for Walker—
Will Gardner Fails to Qualify

Will McMillin, county auditor, today announced that he had appointed Theodore Brown, a republican, assessor of Walker township. Will Gardner, democrat, who was elected Nov. 5, failed to qualify and the appointment was the result. Gardner could not fill the office because he moved to Henry county before the election. The auditor had to wait ten days to give Gardner a chance to qualify before appointing.

MRS. MILLER ODGEN DIES

Expires This Morning From En-
largement of the Liver

Mrs. Miller Odgen died this morning at her home in Eighth street, from an enlargement of the liver. She was 66 years old. The deceased was a member of the Christian church. Her survivors are her husband, one sister, Mrs. William Whetzel of Connersville, and one brother, Andrew Stiffer. The funeral services will be held at the house Wednesday morning at 10 o'clock, with the Rev. L. E. Brown officiating. Burial will take place in East Hill cemetery.

EXTRA LABELS
TO BE PROVIDEDRed Cross Arranges For Soldiers
Not Sending Proper Creden-
tials to Receive Gifts

AFFIDAVIT MUST BE SIGNED

Person Receiving One Must Prom-
ise to Send Only One Parcel—
New Rule Effective Nov. 21

Regulations regarding the release of additional Christmas parcel labels to relatives of soldiers overseas, who have not received any from abroad, have been received by the Rush county chapter of the Red Cross.

They provide that if by November 21, the nearest relative of a soldier has not received from that soldier a label, which gives them the privilege of mailing a Christmas gift overseas, the local chapter will supply a label, taking an affidavit to show that an emergency label was used. The person receiving the emergency label pledges him or herself not to use another label, if one should be received later, to send a gift to a soldier with the American expeditionary forces.

The local Red Cross emphasizes the necessity of relatives of soldiers keeping in mind the fact that emergency labels can not be procured before November 21. The labels have not yet been received, but it is presumed that they will arrive by Thursday, which is the 21st. It is further pointed out that relatives should not be confused by these new regulations, which apply only to persons who have not received a label from overseas. Persons who are in receipt of a label from abroad are urged to go to the headquarters of the special committee in the recorder's office of the court house, at once, procure a carton, fill it according to the rules which have been laid down and take it back to the committee for inspection and mailing.

The same bulletin which announces the new regulations, also states that the Lake division of the Red Cross has provided enough extra Christmas parcels to take care of all soldiers overseas who had not relatives nor friends to whom to send the Christmas labels.

It will be recalled that last week, the time limit for mailing gifts to soldiers with the A. E. F. was extended to include November 30, a week from next Saturday. November 15 was the first limit fixed and then it was extended to November 20 before the final extension was made, when it was learned that only a small percent of the Christmas parcel labels given to soldiers overseas for mailing home to their nearest relatives, had reached this country.

The following affidavit must be signed by the nearest relative of a soldier with the A. E. F. to procure an emergency label, none of which will be issued before next Thursday:

The under-signed hereby makes application to forward to (Organization)—Ex'pdy Force—a Christmas package.

The under-signed hereby declares that he or she is the nearest living relative in the United States of the proposed recipient; that he or she has not received a label from abroad and that should said label be received, it would not be used, and that to the best of his or her knowledge and belief only one Christmas parcel will be sent to the proposed recipient.

MAY ASK DISCHARGE

Washington, Nov. 18.—Navy men—regulars and reserves—can now apply for discharge from the navy, Secretary Daniels declared today. For the present, men with urgent business calls or a desire to return to school will have the preference in discharges.

W. H. SHARER IS
DEAD AT CARTHAGEWell Known Business Man, Former-
ly of This City, Expires Sun-
day of Paralysis

SUFFERED THREE STROKES

Funeral Services Will be Held at
Carthage Tomorrow, With Bur-
ial in East Hill

William H. Sharer, age 64, well known Carthage business man and former resident of Rushville, died yesterday morning at five o'clock of paralysis. He had been in poor health for several years, having suffered the first stroke in 1914. He had the second stroke the following year and two weeks ago last Saturday he was again stricken.

Mr. Sharer was born in Hamilton, O., September 18, 1854 and came to Rushville in 1882, buying a tract of land in Carthage where he lived for nine years, moving to Carthage in 1891 to accept a position as straw buyer for the Carthage straw-board works.

Mr. Sharer went into business for himself in 1898 when he bought the Parker and Parker hardware store in Carthage, but continued his business connections with the straw board works. Two years later he bought the Hill Brothers hardware store and consolidated it with his. In 1905 he bought the Stanley and Coleman hardware stock and combined it with his. Three years later Mr. Sharer severed his connections with the straw board.

Mr. Sharer married in 1878 Miss Phila R. Mench of Hamilton, O., who died March 23, 1916. Five children were born as follows, all of whom survive: James E., Mrs. E. L. Drake, Bert and Mrs. Charles Moore, all of Carthage, and Dr. W. L. Sharer of Pottsville. One sister, Mrs. W. H. Young of this city, also survives. Mr. Sharer was a member of Ivy lodge, Knights of Pythias, of this city.

The funeral services will be held at the Friends church in Carthage tomorrow afternoon at 1:30 o'clock, conducted by the Rev. Daniel Ryan of the Carthage M. E. church. Burial will take place in East Hill cemetery here.

FIVE NEW CASES OF "FLU"

Nothing to Indicate Recurrence of
Epidemic Here is Probable

Although five new cases of the Spanish influenza were reported in Rushville over the week end, there is nothing to indicate that a recurrence of the epidemic here is probable. A survey of the health board's reports for the last ten days discloses only fourteen cases, an average of about one and a half a day. There have been one or two new cases every day since November 8 with the exception of November 12th and 14th, when there were none, and the 16th, when there were three. All five new cases developing since Saturday are in homes where the disease existed. They bring the total in the county to 870.

NOVEMBER TERM STARTED

Court Begins Hearing Case of Bar-
ber vs Bicknell For \$215

The November term of the circuit court opened today with the usual number of cases being dismissed, and the issues being made up in others. Immediately after the preliminaries to opening, Judge Sparks began hearing the case of Delilah Barber against Scott Bicknell, on an account, for \$215. The parties live in Ripley township. It is alleged the defendant failed to cultivate land which he had rented from the plaintiff, thereby causing a loss.

THIRTEEN ARE FINED
FOR SHOOTING CRAPSAll But Two Caught in Police Raid
Sunday Pay Fines and Costs,
Amounting to \$15 Each

"TIPPED OFF" TO THE MAYOR

Thirteen men were fined \$5 and costs, the minimum under law, when they pleaded guilty to charges of shooting craps, before Mayor A. B. Irvin in police court Sunday morning. All but two, Frank Hutson, Jr., and Alpheus Clark, paid their fines which amounted in all to \$15 each, Hutson and Clark going to jail.

The fact that a crap game was going on in the stable back of Hyman Schatz's junk yard in West Third street was "tipped off" to the mayor and the police were ordered to make a raid. Policeman Newhouse and Seward made the arrests and marched the men to the mayor's office where they were locked up until the mayor and prosecutor arrived.

The eleven men who paid their fines are as follows: Charles D. Young, William Sharp, Charles Day, Frank Mozingo, Harry Clark, Eugene H. Hall, Thomas Skinner, Dewey Smiley, Salem Keith, Russell Pea and Aaron Schatz.

RUNS INTO TRACTION CAR

Herbert Jackson's Machine is Dam-
aged But Occupants Are Unhurt

Herbert Jackson, age eighteen, ran his automobile into the side of an Indianapolis and Cincinnati Traction company's car at the corner of Main and Third streets yesterday evening shortly after seven o'clock, badly damaging the machine. Jackson and Charles Pusey, who was in the car with him, escaped unhurt. The machine was turned parallel with the car and shoved to one side, but was not upset. The radiator was jammed back against the engine, the front fenders twisted and the glass in the lights broken. Jackson said he did not see the interurban until he was close to it, but that he had time to slacken the speed of the machine and set the brakes before he hit it.

SECOND NUMBER OF COURSE

Frank E. Jaynes Will Speak at First
U. P. Church Tonight

The second number of the winter lyceum course will take place at the First United Presbyterian church this evening at 7:30 o'clock when Frank E. Jaynes of Wabash, Ind., will lecture. He comes to the local committee highly recommended as a lecturer. Dr. Jaynes has spoken in this county and those who have heard him say that he is a very forcible speaker and has a message well worth hearing.

YANKEYS RESUME
ADVANCE ON RHINEThird Army Takes up Forward
Movement in German Territory
at Dawn Today

MANY PRISONERS RETURNING

Berlin Papers Report Wilhelm Has
Not Abdicated—He May Re-
turn to Germany

(By United Press.)
With the Americans Advancing Towards the Rhine, Nov. 18.—The third army resumed its advance in German territory at dawn today.

When the march began the left wing of the Americans rested on the Franco-Belgian frontier while the right wing was near the German border in the Metz region.

The American troops camped during the night an average of nearly ten miles within the former German positions along a front of about fifty miles.

In their first day's march the Americans reclaimed nearly 500 square miles of French territory. Most of the towns which had been badly shot up, were deserted by the Germans only a few hours before the Americans reached them.

The advance proceeded smoothly, everything moving about three miles an hour.

The infantry was in the lead, followed by machine guns, artillery, supply trains and ambulances. Each division was about thirty miles in length.

The Germans are abandoning quantities of material and ammunition in accordance with the provisions of the armistice. At one point a German officer remained to turn over 42 guns, including two of 180-inch calibre.

All day long the roads through Luxembourg were crammed with marching troops flying regimental flags. The advance reached the assigned objectives early and rested for the remainder of the day.

Thousands of released prisoners streamed back into the American camp.

Kaiser Hasn't Abdicated

Paris, Nov. 18.—Berlin papers declare that Wilhelm has not abdicated, explaining that he only fled from the country. They point out that the act of abdication was not published.

To Return to Germany

Copenhagen, Nov. 18.—The workmen's and soldiers' council of Potsdam announces that it has learned that the former kaiser is planning to return to Germany, owing to the disturbances in Holland.

Rioting in Metz

Paris, Nov. 18.—German soldiers have been rioting in Metz, since November 10, according to a correspondent who went to that city to await its restoration. The French are scheduled to enter Metz tomorrow.

Italians Move Up

Rome, Nov. 18.—In compliance with the armistice provisions the Italians have occupied the main Austrian railway centers and passes toward the Austrian frontier.

Reaches Constantinople

Constantinople, Nov. 18.—Lieut. Gen. Wilson, commander-in-chief of the allied forces on the Bosphorus and the Dardanelles, today established his headquarters at the British embassy here.

Reichstag Dissolved

Washington, Nov. 18.—Chancellor Ebert has virtually dissolved the reichstag and will permit no sitting pending convocation of the constitutional assembly, according to diplomatic advices from Berne today.

OVER TOP WITHOUT SCRATCH

Corporal Arthur Pulliam, 83rd division headquarters detachment, has written his parents, Mr. and Mrs. Andrew Pulliam, from France, announcing that he has been discharged from the hospital where he was being treated for ear trouble. He had not received a scratch at the time the letters were written, although he had been over the top several times. Excerpts from his letter follow:

I at last have been discharged from the hospital and am working back of the lines running a movie machine. I certainly do like my work and feel at home with this business. You should be here and see all the boys come to the picture shows for they almost raise the roof off of the huts.

I guess that you all heard about the victorious battle and I was one of the lucky boys who came out without a scratch. Has Mrs. Cox heard from Albert yet? I met him

"A Daughter of France"

If you were a beautiful French girl of noble blood and were caught in the German rush into France how would you act? And, furthermore, what would you do if a German officer made love to you while his soldiers were robbing the village and insulting women? Virginia Pearson shows how one girl acted. She will appear Tuesday night at the Mystic theatre in William Fox's "A Daughter of France".

Mutt and Jeff will also be seen in "The Tale of a Pig".

"A Pair of Silk Stockings"

Constance Talmadge, who is ever popular here, will be at the Princess tonight in "A Pair of Silk Stockings", adapted from the well known play of the same name, which ran successfully in all of the large theaters of the country. An educational film will be an extra attraction tonight. Enid Bennett will appear in "The Vamp" Tuesday and Clara Kimball Young is advertised for Wednesday, in "The Claw".

The Job Before America

The federal food administrator has made it plain that it is up to the American people, although restrictions surrounding the use of certain foods of which there has been a shortage, are partially removed, to feed our allies and neutral countries which have suffered because of the war.

For that reason there can not be much relaxation in the food program, which will continue to be directed by the food administration until peace is declared. It is announced that there is no truth in the statement that the food administration is to be transferred to the department of agriculture, nor has any bill been drafted by the executive departments to that end. The food administration will last by law until peace is legally declared. It will then automatically dissolve except as to obligations entered upon, and these must and will be discharged, either by the food administration or by assigning them to other departments of the government. In the meantime the Food Administration does not intend to relax its efforts in any direction.

The food administration itself considers that the low as at present framed is purely a war measure, and that its major provisions have no place in the country except to serve war ends. Whatever congress may decide as to continuation after peace of any of the measures now in force must be a matter of special legislation and the particular department that is to continue them will no doubt be determined at that time. The food administration in its function of feeding people abroad has a larger burden after armistice than before and this burden will continue until next harvest. There will be plenty of time between armistice and peace to determine upon any detailed method of liquidation of the war agencies of the government and what measures must be continued through the reconstruction period, it is stated.

The president has requested Mr. Hoover to take charge of this gov-

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

ernment of the organization of measures for the food relief of the liberated people of Europe and to proceed at once to Europe as the government's special representative for the determination of measures of relief in co-operation with the various governments concerned. It is necessary to perfect and enlarge the arrangements for foodstuffs to the populations in Belgium and France now being released. These populations have been supported for the last four years by the Commission for relief in Belgium under Mr. Hoover's chairmanship but, owing to the difficulties of transportation and distribution, of finance and fear of German seizure, the amount of foodstuffs furnished has been the very minimum of which human life could be maintained.

As the first measure of assistance to Belgium it is necessary to increase immediately the volume of foodstuffs formerly supplied so as to physically rehabilitate this undernourished population. The relief commission has, during the last four years, sent to the 10,000,000 people in the occupied area, over 600 cargoes of food, comprising 120,000,000 bushels of breadstuffs and over three billion pounds of other foodstuffs, besides twenty million garments, the whole representing an expenditure of nearly \$600,000,000. The support of the commission has come from the Belgium, British, French and American governments, together with public charity. In addition to this some \$350,000,000 worth of native produce has been financed internally in Belgium by the relief organization.

That the maintenance of this relief commission has been critically necessary is evidenced by the fact that in the same time and under the same conditions the population of Serbia is estimated to have diminished 50 per cent in number and that of Poland, 25 percent; whereas the population of Belgium, although suffering great privations, is still intact.

All the departments of the government are co-operating to support the enlarged program of the relief commission. The war industries board, the war trade board, the treasury, the shipping board and food administration are all putting their backs to the prompt advancements of the necessary measures for the immediate care of the populations in every direction.

The second portion of Mr. Hoover's mission is to organize and determine the need of foodstuffs to the liberated populations in southern Europe—the Czech-Slovaks, the Rumanians and others. An adequate food supply will assist the government set up to maintain order and cohesion in government and to prevent the complete debacle such as has taken place in Russia. Arrangements are being made by the food administration, the shipping board and the war department for the earliest possible despatch of foodstuffs to the liberated peoples, and Mr. Hoover will make the necessary arrangements abroad for distribution.

Th report that the kaiser would retire to the Island of Corfu in the Mediterranean never did sound reasonable because the climate there is mild. The former kaiser has a warm climate coming to him.

It might not be very safe for Germany to send a delegation to the United States to plead for food, as requested by Secretary Self, because the delegates might be given reception similar to the farewells VonBernstorff got.

Food Administrator Hoover said the people of the United States need not deprive themselves of a mouthful of food to feed Germany. His statement was wasted effort because it is not likely that Americans will go hungry to supply an enemy who stole food that was sent from America for the starving Belgians.

Anyway, Germany did not starve for four years of war, and there is not as much reason for famine now as before hostilities ceased.

LOST ON TRANSPORT

Close Harmony Under Fire

THE men had finished supper, and sat around in listless groups. Even when a shell went zooming overhead they showed no interest. They were fed up on this war.

A little gray cat cugged up the hill to their camp. Two war work men stepped out, carrying between them a curious long box.

"What you got there?" asked the doughboys.

"An organ."

"Well, can you beat that!"

"We've come to give you a little entertainment," said one man. "All right?"

"You bet it's all right," answered a young officer. "This gang hasn't seen a soul from the outside world for weeks. Go as far as you like."

And they did.

They sang the new songs, just over from Broadway. In a minute the whole camp was singing them. Then they sang the verse of a good old close-harmony melody, and the crowd roared the chorus.

"But haven't you men got anybody who can sing?" asked one of the entertainers. The response was immediate and overwhelming.

"Sure we have! Oh, you Shorty! Come on, Happy! Give 'em that 'Perfect Day,' Bill!"

And then things really started.

"Would you know it's the same gang?" asked the American officers.

For two hours it lasted, and then the visitors packed up their organ.

"Come again soon and send more of your men," said the officer. "We can't get too much of it!"

"So long!" yelled the men. "Good luck! Come again!"

Wherever there are American soldiers overseas, these organizations are carrying entertainment to them. Movies, concerts, lectures, local talent, even full-fledged comedies with a truck for the stage, from the simplest sing-songs in the woods to the most elaborate program in city theatres, everywhere free entertainment is provided to meet conditions.

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

3600 Recreation Buildings
1000 Miles of Movie Film
100 Leading Stage Stars
2000 Athletic Directors

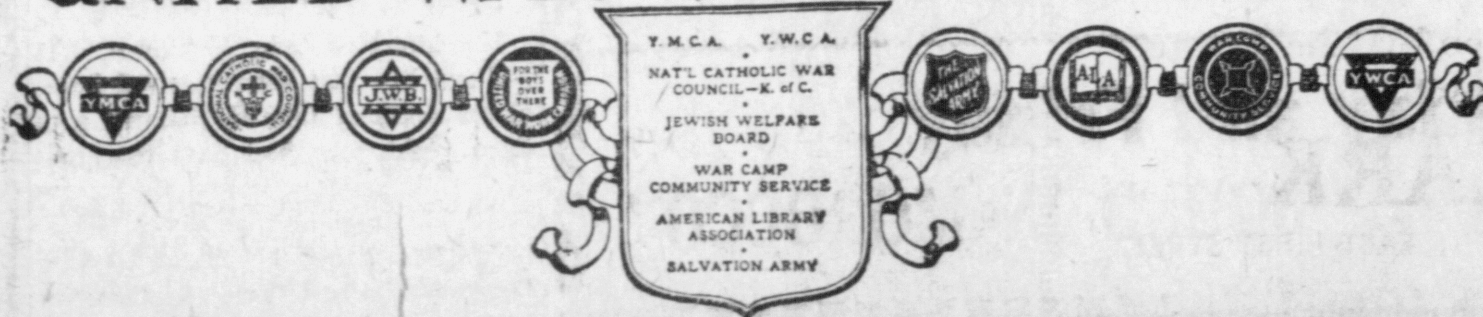

2500 Libraries supplying 5,000,000 books
85 Hostess Houses
15,000 Big-brother "secretaries"
Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.
Now give to maintain the Morale that is winning the war!

PETER CONNOLLY IS DEAD AT AGE OF 62

Agent For The Standard Oil Company Here Thirty Years—Large Family Survives Him

FUNERAL TOMORROW AT 8 A. M.

Peter Connolly, age 62 years, died at his home in West Third street, Saturday at midnight with a complication of diseases. He was born in Lafayette, Indiana, and came to this city in 1889. The deceased was the agent for the Standard Oil company here for thirty years.

Mr. Connolly was a member of the K. of C. lodge. His survivors are besides his wife, Mrs. Hannah Connolly, the following children: Miss Mary Connolly, Mrs. Frank Rogers, Mrs. Roe Orman, Miss Rosie Connolly, Miss Celia Connolly, Miss Helen Connolly, Paul Connolly, Peter Connolly and one brother, Michael Connolly of Chicago. The funeral services will be held at the St. Mary's Catholic church Tuesday morning at 8 o'clock with Father M. W. Lyons conducting the services. Burial will take place in the Calvary cemetery.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Hadn't Laid All Winter, Until He Tried This Plan.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung last January in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that Don Sung pays for itself and pays you a good profit besides, simply tell us and your money will be refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

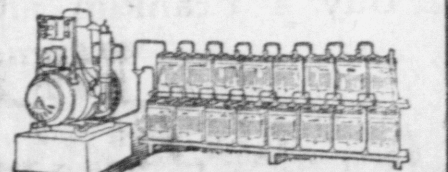

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be promptly refunded. Call at our store today for a 50c or \$1.00 package.

APPRECIATION FOR BOYS WHO FOUGHT

Continued from Page One

"I am proud of these boys, proud of the record they have made. When Germany surrendered, they gave a true account of themselves. And how proud we are. We don't appreciate it, we don't realize what it means. We have been a great distance from it and we cannot appreciate it like the people in the other countries can. We cannot appreciate the conditions but we are sure of what these boys have done that you might live, that I might live and we can appreciate that fact.

"Another thing I am thankful for is the wonderful help of the Y. M. C. A. and similar organizations. They have made it possible for these boys to be kept as pure as when they left here. But I do pray that they will come back to a better country than

when they left and just as good a moral condition as the one they leave. The world has never seen anything like this before. The Civil War made lots of drunkards. This war has not made any drunkards. By the time these boys get back I hope it will not be possible to get a drop of liquor within the bounds of the United States. The government takes care of these boys when they are in the service and it is up to you and me to take care of them when they get back. We have said we are proud of them and we cannot let them go astray. Great credit goes to all of the associations that have done such a powerful work, the Y. M. C. A., the Y. W. C. A., the K. of C., the Salvation Army, the Jewish Council and all others that have worked for the good of our boys. Germany did not have a Y. M. C. A. and her morale did not have the results of it.

"Another thing I appreciate and I thank God for is the ministry. I am thankful for the preachers and publicity and in behalf of the public I want to thank them for what they have done. Every one of them has been as loyal as could be and every one of them has been a 'regular fellow' and has worked night and day for every thing to help win this war.

MAUDE MARIE COSTELLO

MAUDE MARIE COSTELLO Gives Advice to Housewives

One of America's Foremost Authorities on Scientific Cooking and Pure Foods

Thousands of women are daily guided in their cooking by the advice and suggestions of this most eminent authority. Maude Marie Costello has shown these housewives how to materially reduce their table costs and secure better results in every branch of cooking—she has given them the benefit of her scientific methods, and has shown them how to avoid impure foods.

After courses of study in the Lewis Institute, University of Chicago, Simmons College and Boston Cooking School, Maude Marie Costello became a Domestic Science teacher of national fame—she knows which is best through her own experiments and the constant study of scientific cooking and pure foods.

One of the subjects nearest her heart—one which she has given endless study—one which she considers of vital importance—is the use of baking powder. In a recent interview, Maude Marie Costello said:

"I use Calumet Baking Powder because I find it absolutely dependable and uniform, and because it has more leavening strength than most baking powder. Like everyone who is interested in domestic science, I am interested in reducing the high cost of living and am interested in Calumet because it is sold at a moderate price.

"The wholesomeness of the ingredients used in the manufacture of Calumet is attested by the Remsen Reference Board, appointed by the President of the United States and by a medical profession.

"In my work I must use a baking powder which is wholesome beyond question and which is absolutely dependable, and Calumet meets all my requirements."

An endorsement by Miss Costello of any particular product is without dispute absolute proof that that brand is superior.

She has found, as you will find the first time you use Calumet, that Calumet is the one baking powder that absolutely insures uniform results—that its wonderful leavening strength produces the lightest, most healthful, tastiest bakings—that its wholesomeness makes all bakings nourishing and delicious. She has found that Calumet is pure in the can and pure in the baking—her tests prove conclusively as do those of millions of housewives who always use Calumet, that it goes farther than other baking powders, and inasmuch as you pay about half as much for Calumet as you do for most baking powders you save when you buy it—you save when you use it.

Get a can of Calumet at once on the money-back guarantee—test it every way—bake everything with it. It does not heat in every way, any other brand you might be using your grocer is authorized to refund your money—you risk absolutely nothing. Begin now to enjoy real bakings—to save money.

Remember, Calumet is used by millions of housewives and domestic science teachers everywhere.

And one of them gave his boy. And that boy has done this country and town the honor of receiving the Croix de Guerre. We have learned to love these preachers.

"Another thing I appreciate is the fellowship that has come from this war. I know more people than I ever knew before. I know more of their joys and sorrows. I have talked to them when their boys have gone away, I have collected money from them for war activities and many of you have done the same thing and I have found them diamonds in the rough.

"Another thing—this victory has given us for development in our nation, our churches and our communities. Wonderful opportunities are open to us. These boys have sacrificed their lives. I know families in this town who have sent boys and without their support, giving them up has hurt too, from a financial standpoint. And down deep in our hearts we have all thought about them. Don't you imagine, my friend, that the obligation stops there. The demands from now on will be made that we give to this work and to this community the very best that is in you and me. They are not coming back saints but knowing that there is an Almighty God.

"And what a joyful time this homecoming will be. It is wonderful to think about. And the time is coming when they will get home. God grant that they can all come back to Rushville. There are some people here my friends whose boys can never come back. Some of them are gone never to return. But life is not all in the living. These boys are gone but some day in the great beyond there is going to be a great uniting of families. You have all made a supreme sacrifice.

"And a challenge comes to us to meet these boys when they come back—bigger than we were before. They are going to come back bigger and better men. To you comes this challenge to be a bigger woman and a bigger man than you ever were before. They will expect it. Let us be better Americans, let us resolve to love our country and to live it."

The Rev. Mr. Brown spoke in part as follows:

"The world's long dark night is ended. The beast of Berlin and the Central Powers has been caged and chained, if not changed. The crime and calamity of all the centuries has

at last reached its climax. The day has dawned upon a new era. When the sun set upon last Sunday evening, it looked for the last time on a world ruled by autocracy and militarism. When it arose on Monday morning, it shown on a world dedicated to liberty and justice. From this world has been born we hope the era of universal peace.

"After the flood of destruction that has swept over, we enter upon a new era of a constructive civilization. Soon all of our soldiers who saw it through will come back home crowned with glory and with honor. But those who died in lands beyond the sea will be immortal in the lives and land for which they died. The heart of the whole of humanity is rejoiced tonight as it never rejoiced before and will never rejoice again until we shall gather around the great white throne before our Father and friends and the people of every country and every clime shall bring forth the royal diadem and crown Him King and Lord of all.

"It is a time for tears and for Thanksgiving; tears for those who have suffered and sacrificed and died; thanksgiving that all of this has not been in vain.

"Is your heart tonight sore and sad for some one that you shall never see again? But will you tonight sing the soldiers' song? In one of the Y. M. C. A. huts they were having a song service. A large number of songs had been sung and then the leader asked for the boys to make the selection. A pale faced marine who had gone over the top fumbled through the pages of the song book for a little while; then he found the page and to the surprise of all there that day it was this, 'Count your many blessings and name them one by one, and it will surprise you what the Lord has done.' Friends, if a soldier wants to sing that song can not you and I tonight sing it though our hearts may be breaking.

"I thank God tonight first that the power of Almighty God has not failed. During the long dreary days of retreat and defeat, the failure and sacrifices, a skeptical world was saying, 'where now is thy God?' But still the stout hearts and souls of those who believe in Him were rehearsing to themselves, 'Blessed be that nation whose God is the

Lord and that nation who is not serving him shall perish.

"I rejoice not only in this for I rejoice in the fact the principals have been triumphant. This war is not only a war of peoples alone. It was a war of ideals and institutions of the right of kings and the right of one people to rule another. It was a war against the nobility of class and of character; against the aristocracy of blood and heredity. Again we have won with the principals eternal. Men have gone against one another that these principals might live and they have found out that no question is ever settled until it is settled right. We learned that in our compromise to human slavery, in the history of this great war and we will learn that the liquor question is another question that affects human rights and human interests and is not settled until we settle it at God would have us settle it."

When you prepare chickens for roasting why not put aside the livers, gizzards, neck, head, feet, and last wing joint for creamed chicken? These parts add little to the dinner roast, but supply an extra breakfast or supper dish.

LET THESE COLUMNS BE YOUR GUIDE

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreader you will find on our sample floor. Come in and see it.

Mr and Mrs. Alfred Blackledge were hostess and host yesterday for a prettily noon day dinner at their country home northeast of this city. The table was adorned with a basket filled with fall flowers of varied hues, where the bounteous dinner was served. The guests were Mr. and Mrs. Fred Beale and family, Mrs. Lenora Blackledge and children, William and Lawrence, William Alexander and Martin Blackledge.

The members of the Loyal Daughters class of the Main Street Christian church will meet tomorrow night at the home of Mr. and Mrs. Frank Sample, with Miss Rema

Mahan assisting hostess. The meeting will consist of business matters to be discussed and election of officers for the coming year. On Wednesday evening in the parlors of the church, the French class will meet.

The members of the Ladies Aid society of the St. Paul's M. E. church will meet tomorrow afternoon at the home of Mrs. A. T. Mahan, who will be assisted by Mrs. E. O. Arbuckle and Mrs. George Osborne.

Mr. and Mrs. Frank Warriek and family entertained at their country home Saturday evening the following guests: Mrs. Belle Trobaugh of this city, Mr. and Mrs. Omer Trobaugh and children, Harold, Florence and Mary Elizabeth, Mrs. Mildred Preston and Joe Noble.

Mr. and Mrs. Omer Trobaugh entertained with a dinner party at their country home Sunday. The table was decorated with a basket filled with asters and covers were laid for Mrs. Belle Trobaugh, Mr. and Mrs. Joe Noble and son Robert, Mrs. Mildred Preston, Miss Florence Trobaugh, Miss Mary E. Trobaugh and Harold Trobaugh.

The members of the Loyal Women's class of the Christian church will meet tomorrow evening at the home of Mrs. J. H. Frazee in North Harrison street and all members are asked to be present.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

American women are right behind the U. S. troops in the trenches. Women nurses are now installed in hospitals 8 miles in the rear of the actual fighting line.

Many of our American women are unable to take up the duties of nursing at the front, but they should know how to take care of their own at home, and for this purpose no better book was ever printed than the Medical Adviser—a book containing 1,008 pages, and bound in cloth, with chapters on First Aid, Bandaging and care of Fractures, Taking care of the Sick, Physiology, Hygiene, Sex Problems, Mother and Babe, which can be had at most drug stores, or send 50 cents to the publishers, 663 Main St., Buffalo, N. Y.

The women at home, who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription. Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package. Lafayette, Ind. — "Favorite Prescription" was of great comfort to me during middle age. Whenever I felt melancholy, or had blinding dizzy spells or hot flashes, I could take it for a few days and it never failed to give me relief. I also used the "Healing Suppositories" and think they are splendid. About twelve years ago I wrote to the Faculty of the Invalids' Hotel, Buffalo, N. Y., for advice. I appreciate the advice given me. I always take pleasure in recommending Dr. Pierce's remedies and hospital.

—Mrs. Elsie A. Porter, 612 So. First St.

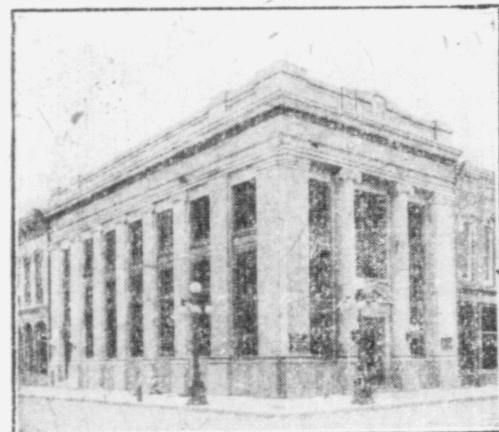

THE QUICK WAY TO STOP A COUGH

When you have a severe, stubborn cough or cold, you need the best possible medicine you can get. Why not, therefore get one which is guaranteed the most soothing and satisfactory remedy ever used, or get your money back? Druggists everywhere are authorized to refund money if SCHIFFMANN'S EXPECTORANT is not found the very best ever used for Coughs, Colds, Bronchitis, Croup, Whooping Cough or Hoarseness. When mixed at home with honey or sugar syrup, 50 cents worth makes 64 teaspoonful. Positively contains no chloroform, opium, morphine or any other narcotic, and is unlike any other cough medicine. It is so pleasant to take that children are fond of it. In case druggists should not have it order direct of R. J. Schiffmann, St. Paul, Minn.

CHURCH CONFERENCE DEC.3

County Meeting of Christian Congregations Will be Held Here

The Christian church county conference will be held at the Main Street Christian church Tuesday December 3 instead of November 7. There will be eighteen churches represented in this conference. A very interesting program has been arranged which will include the district evangelist, the Rev. G. I. Hoover of Indianapolis; State Bible School, Superintendent Gary L. Cook, Indianapolis, and other state and national workers. This will be an all day meeting with a pitch-in-dinner at noon and all the churches are invited to send representatives. The officers for this county are Walter E. Frazee, of this city, chairman, and William Bosley of Milroy, secretary.

INSURANCE COMPANY SHOWS BIG INCREASE

Report of Rush County Farmers Reveals Almost 5 Million Dollars Worth of Business

THE LIMIT ON RISKS RAISED

Although the ninety-one members of the Rush County Insurance Company, at the annual meeting Saturday afternoon in the court house, voted unanimously not to make public the annual report, which has been customary, those who were present say that the report made a very satisfactory showing for the year.

It is said that the company showed an increase of over \$187,000 last year and that there is now nearly five million dollars worth of insurance on the books. The membership of the organization is 2,414. Members who took the position that the report need not be made public, said that those who were interested in the company's affairs should attend the annual meeting and hear the report. A motion to raise the limit on any single risk from \$4,000 to \$6,000 was carried.

The old officers were re-elected, all except one without a contest. L. R. Webb defeated Dolph Cameron for actuary by a vote of 64 to 27. W. A. Alexander was re-elected president and T. A. Jones vice-president. It was decided to hold the next annual meeting the second Saturday in February at 2 p. m. instead of 1 p. m. The annual meeting was set for October this year but had to be postponed on account of the influenza epidemic.

THE BEST TEST

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—says there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp ains in my back radiated to all parts of my body, and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

CONVALESCENCE

"Getting Better" is the most serious time for those who have had grippé, influenza or other severe sickness. Something more than ordinary good food is required to build you up. A tonic is needed, and for this purpose doctors usually prescribe some form of Iron, Nux Vomica, Gentian, and Zinc Phosphide.

The Iron especially is very essential but in most preparations it causes constipation. In Dr. Chase's Blood and Nerve Tablets this is overcome however, by the addition of Aloin to the other tonic remedies.

As these tablets contain all of these essential tonics in any easily assimilated form, they make a pleasant safe and sure health restorer and of inestimable value at this time.

Weigh yourself before taking and watch the rapid progress of returning health.

Dr. Chase's Blood and Nerve Tablets may be had at almost any druggists at sixty cents a box. Special strength ninety cents.—Adv.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleasterin Capsicum. Kolo.

GREAT NAVAL SURRENDER

German Fleet Scheduled to Leave Port Today to Meet Victors.

(By United Press.)

London, Nov. 18.—This week will see the greatest naval surrender the world has ever witnessed. A fleet of German battleships, battle cruisers, light cruisers and destroyers were scheduled to leave port today for unknown destination. They will be met by a British fleet, together with American and French representatives, and conducted to their destination. There will be ten battleships, five battle cruisers and six light cruisers.

MARGARET WILSON HURT

Injuries to President's Daughter Overseas Are Slight

New York, Nov. 18.—Miss Margaret Wilson, daughter of President Wilson, has been slightly injured in an auto mishap, according to a cablegram from Paris received by V. M. C. A. officials here today. While making a tour of the camps Miss Wilson received an injury while riding over rough roads. Her head struck against the top of the machine. In spite of the injury, she kept her engagement to sing for the soldiers.

STATE BAN IS IMPROBABLE

Not Likely to be Put on Again Because of The Influenza

Indianapolis, Ind., Nov. 18.—Although the influenza epidemic was reported as growing worse in many parts of the state again today, Dr. J. N. Hurty, secretary of the state board of health, announced that it was unlikely that the state-wide ban on public meetings would again be placed in force.

The state board of health will meet Thursday and the conditions at that time will determine what further action toward combating the disease will be necessary.

APPRECIATION FOR BOYS WHO FOUGHT

Judge Will M. Sparks Expresses Pride For Record They Made, At Victory Day Service

PRAISES WELFARE SOCIETIES

Enumerates Some of Things For Which We Should be Thankful—
Rev. L. E. Brown Speaks

Appreciation of the services of the American boys who bared their bosoms to German bullets that we might live, was eloquently expressed by Judge Will M. Sparks at the Victory day union service at the St. Paul's M. E. church last night. The Rev. L. E. Brown, pastor of the Main Street Christian church, also voiced similar sentiments.

The church was filled with people for the celebration of the signing of an armistice with Germany. A quartet sang the Marseillaise. Dr. D. Ira Lamberti, president of the ministerial association, presided.

Judge Will M. Sparks spoke in part as follows:

"Tonight we are enjoying that peace which passeth all understanding. We meet here tonight for the purpose of enumerating some of the things for which we are thankful. It was suggested to me that I speak for a short time from the standpoint of a layman. The more I thought about the matter, the more I came to the conclusion that there was but one standpoint because the layman's standpoint is church's standpoint and there is but one standpoint."

"There are just a few things I want to call your attention to for which we are thankful. I can not enumerate all of them. There is a perfect flood of things which come to your mind and it would be impossible to enumerate them all. I am prouder tonight of the fact that I am an American citizen than ever before in my life. I know what an American citizen means and I appreciate it more fully than ever before. I thank God that I belong to the American citizenship."

"What did we go into this war for? Not for territory. It was true to our traditions that a great and fundamental principal of life and eternity should be permanently established. We do not ask for one foot of territory. We rest secure in the knowledge that we have helped to substantiate and make permanent one of the greatest principles for which man lives and we have done it well. And we have shown the mightiest monarch, the cruellest man, the lowest down human being in the world we have shown him 'where to head in.'"

Here Judge Sparks read a letter taken from a recent copy of the Literary Digest which a very clever writer suggested should be the sort of letter written from Uncle Sam to the ex-kaiser.

"I am glad that I belong to the kind of a government that has the power to write that kind of a letter to the ex-kaiser William," he continued. You remember, my friends, what this ruler once said to the United States, I don't want any foolishness out of you for after the war I will attend to you. I wonder what he thinks now. I wonder what he thinks about God now."

"I am proud of these young men of ours that have bared their bosoms to shot and shell that you and I might live. They are coming home pretty soon. Thank God, they are coming home. And these boys have been surrounded by the best influences of any army in the history of the world. And they deserve it. All these barriers are kept about our boys in protecting them from liquor and they are in better health than ever before. I hope and pray that a little of this military service may be kept intact that our young men may thus benefit."

Senate Takes Action Which Sends Measure to the President.

(By United Press.)

Washington, Nov. 18.—The senate today adopted the conference report on the war time prohibition bill which now goes to the president.

The measure makes the entire country bone dry after July 1, 1919. This lasts until all American troops have been demobilized. Prohibition forces say that by the time demobilization is finished the constitutional amendment making the country dry will have been ratified by the necessary number of states to make it a law.

NOT INSTRUCTED TO STOP EXAMINATIONS

Local Army Board Has no Information to Confirm a Dispatch From Washington

GETS WORD TO THE CONTRARY

The local army selection board had no instructions to confirm a dispatch from Washington that all draft examinations had been called off, and this morning proceeded with the examination of registrants eighteen years of age who were ordered to report today. Registrants are also called for tomorrow and Wednesday for examination.

On the contrary, the board received a bulletin this morning, dated November 16, which indicated that the examinations should continue. Incidentally, the bulletin thanked the members of the board for their services during the draft.

"Now that hostilities have been suspended," says the bulletin, "and induction into the army stopped, I want to thank each and every member of your board from the bottom of my heart for your honest and faithful co-operation during the dark and trying days of the past. It is not the intention of this letter to convey to boards the idea that their work is ended, but simply to express to each of you the hearty appreciation and thanks of this department. Since induction has been stopped, you should now proceed rapidly with the other work and complete classification etc. of 18-year-old registrants at as early a date as possible. Please do not let your enthusiasm cease, but continue the work."

ASSESSOR IS APPOINTED

Theo. Brown Named for Walker—Will Gardner Falls to Qualify

Will McMillin, county auditor, today announced that he had appointed Theodore Brown, a republican, assessor of Walker township. Will Gardner, democrat, who was elected Nov. 5, failed to qualify and the appointment was the result. Gardner could not fill the office because he moved to Henry county before the election. The auditor had to wait ten days to give Gardner a chance to qualify before appointing.

MRS. MILLER ODGEN DIES

Expires This Morning From Enlargement of the Liver

Mrs. Miller Odgen died this morning at her home in Eighth street, from an enlargement of the liver. She was 66 years old. The deceased was a member of the Christian church. Her survivors are her husband, one sister, Mrs. William Whetzel of Connersville, and one brother, Andrew Stiffer. The funeral services will be held at the house Wednesday morning at 10 o'clock, with the Rev. L. E. Brown officiating. Burial will take place in East Hill cemetery.

EXTRA LABELS TO BE PROVIDED

Red Cross Arranges For Soldiers Not Sending Proper Credentials to Receive Gifts

AFFIDAVIT MUST BE SIGNED

Person Receiving One Must Promise to Send Only One Parcel—New Rule Effective Nov. 21

Regulations regarding the release of additional Christmas parcel labels to relatives of soldiers overseas, who have not received any from abroad, have been received by the Rush county chapter of the Red Cross.

They provide that if by November 21, the nearest relative of a soldier has not received from that soldier a label, which gives them the privilege of mailing a Christmas gift overseas, the local chapter will supply a label, taking an affidavit to show that an emergency label was used. The person receiving the emergency label pledges him or herself not to use another label, if one should be received later, to send a gift to a soldier with the American expeditionary forces.

The local Red Cross emphasizes the necessity of relatives of soldiers keeping in mind the fact that emergency labels can not be procured before November 21. The labels have not yet been received, but it is presumed that they will arrive by Thursday, which is the 21st. It is further pointed out that relatives should not be confused by these new regulations, which apply only to persons who have not received a label from overseas. Persons who are in receipt of a label from abroad are urged to go to the headquarters of the special committee in the recorder's office of the court house, at once, procure a carton, fill it according to the rules which have been laid down and take it back to the committee for inspection and mailing.

The same bulletin which announces the new regulations, also states that the Lake division of the Red Cross has provided enough extra Christmas parcels to take care of all soldiers overseas who had not relatives nor friends to whom to send the Christmas labels.

It will be recalled that last week, the time limit for mailing gifts to soldiers with the A. E. F. was extended to include November 30, a week from next Saturday. November 15 was the first limit fixed and then it was extended to November 20 before the final extension was made, when it was learned that only a small percent of the Christmas parcel labels given to soldiers overseas for mailing home to their nearest relatives, had reached this country.

The following affidavit must be signed by the nearest relative of a soldier with the A. E. F. to procure an emergency label, none of which will be issued before next Thursday: The under-signed hereby makes application to forward to (Organization)—Ex'pdy Forces a Christmas package.

The under-signed hereby declares that he or she is the nearest living relative in the United States of the proposed recipient; that he or she has not received a label from abroad and that should said label be received, it would not be used, and that to the best of his or her knowledge and belief only one Christmas parcel will be sent to the proposed recipient.

MAY ASK DISCHARGE

Washington, Nov. 18.—Navy men—regulars and reserves—can now apply for discharge from the navy. Secretary Daniels declared today. For the present, men with urgent business calls or a desire to return to school will have the preference in discharges.

W. H. SHARER IS DEAD AT CARTHAGE

Well Known Business Man, Formerly of This City, Expires Sunday of Paralysis

SUFFERED THREE STROKES

Funeral Services Will be Held at Carthage Tomorrow, With Burial in East Hill

William H. Sharer, age 64, well known Carthage business man and former resident of Rushville, died yesterday morning at five o'clock of paralysis. He had been in poor health for several years, having suffered the first stroke in 1914. He had the second stroke the following year and two weeks ago last Saturday he was again stricken.

Mr. Sharer was born in Hamilton, O., September 18, 1854 and came to Rushville in 1882, buying a tract of land in Cirdleville where he lived for nine years, moving to Carthage in 1891 to accept a position as straw buyer for the Carthage straw-board works.

Mr. Sharer went into business for himself in 1898 when he bought the Parker and Parker hardware store in Carthage, but continued his business connections with the straw board works. Two years later he bought the Hill Brothers hardware store and consolidated it with his. In 1905 he bought the Stanley and Coleman hardware stock and combined it with his. Three years later Mr. Sharer severed his connections with the straw board.

Mr. Sharer married in 1878 Miss Phila R. Mench of Hamilton, O., who died March 23, 1916. Five children were born as follows, all of whom survive: James E., Mrs. E. L. Drake, Bert and Mrs. Charles Moore, all of Carthage, and Dr. W. L. Sharer of Painesfield. One sister, Mrs. W. H. Young of this city, also survives. Mr. Sharer was a member of Ivy Lodge, Knights of Pythias, of this city.

The funeral services will be held at the Friends church in Carthage tomorrow afternoon at 1:30 o'clock, conducted by the Rev. Daniel Ryan of the Carthage M. E. church. Burial will take place in East Hill cemetery here.

FIVE NEW CASES OF "FLU"

Nothing to Indicate Recurrence of Epidemic Here is Probable

Although five new cases of the Spanish influenza were reported in Rushville over the week end, there is nothing to indicate that a recurrence of the epidemic here is probable. A survey of the health board's reports for the last ten days discloses only fourteen cases, an average of about one and a half a day. There have been one or two new cases every day since November 8 with the exception of November 12th and 14th, when there were none, and the 16th, when there were three. All five new cases developing since Saturday are in homes where the disease existed. They bring the total in the county to 870.

NOVEMBER TERM STARTED

Court Begins Hearing Case of Barber vs Bicknell For \$215

The November term of the circuit court opened today with the usual number of cases being dismissed, and the issues being made up in others. Immediately after the preliminaries to opening, Judge Sparks began hearing the case of Delilah Barber against Scott Bicknell, on an account, for \$215. The parties live in Ripley township. It is alleged the defendant failed to cultivate land which he had rented from the plaintiff, thereby causing a loss.

THIRTEEN ARE FINED FOR SHOOTING CRAPS

All But Two Caught in Police Raid Sunday Pay Fines and Costs, Amounting to \$15 Each

"TIPPED OFF" TO THE MAYOR

Thirteen men were fined \$5 and costs, the minimum under law, when they pleaded guilty to charges of shooting craps, before Mayor A. B. Irvin in police court Sunday morning. All but two, Frank Hutson, Jr., and Alphens Clark, paid their fines which amounted in all to \$15 each, Hutson and Clark going to jail.

The fact that a crap game was going on in the stable back of Hyman Schatz's junk yard in West Third street was "tipped off" to the mayor and the police were ordered to make a raid. Policeman Newhouse and Seward made the arrests and marched the men to the mayor's office where they were locked up until the mayor and prosecutor arrived.

The eleven men who paid their fines are as follows: Charles D. Young, William Sharp, Charles Day, Frank Mozingo, Harry Clark, Eugene H. Hall, Thomas Skinner, Dewey Smiley, Salem Keith, Russell Pea and Aaron Schatz.

RUNS INTO TRACTION CAR

Herbert Jackson's Machine is Damaged But Occupants Are Unhurt

Herbert Jackson, age eighteen, ran his automobile into the side of an Indianapolis and Cincinnati Traction company's car at the corner of Main and Third streets yesterday evening shortly after seven o'clock, badly damaging the machine. Jackson and Charles Pusey, who was in the car with him, escaped unhurt. The machine was turned parallel with the car and shoved to one side, but was not upset. The radiator was jammed back against the engine, the front fenders twisted and the glass in the lights broken. Jackson said he did not see the interurban until he was close to it, but that he had time to slacken the speed of the machine and set the brakes before he hit it.

SECOND NUMBER OF COURSE

Frank E. Jaynes Will Speak at First U. P. Church Tonight

The second number of the winter lyceum course will take place at the First United Presbyterian church this evening at 7:30 o'clock when Frank E. Jaynes of Wabash, Ind., will lecture. He comes to the local committee highly recommended as a lecturer. Dr. Jaynes has spoken in this county and those who have heard him say that he is a very forcible speaker and has a message well worth hearing.

YANKEYS RESUME ADVANCE ON RHINE

Third Army Takes up Forward Movement in German Territory at Dawn Today

MANY PRISONERS RETURNING

Berlin Papers Report Wilhelm Has Not Abdicated—He May Return to Germany

(By United Press.)

With the Americans Advancing Towards the Rhine, Nov. 18.—The third army resumed its advance in German territory at dawn today.

When the march began the left wing of the Americans rested on the Franco-Belgian frontier while the right wing was near the German border in the Metz region.

The American troops camped during the night an average of nearly ten miles within the former German positions along a front of about fifty miles.

In their first day's march the Americans reclaimed nearly 500 square miles of French territory. Most of the towns which had been badly shot up, were deserted by the Germans only a few hours before the Americans reached them.

The advance proceeded smoothly, everything moving about three miles an hour.

The infantry was in the lead, followed by machine guns, artillery, supply trains and ambulances. Each division was about thirty miles in length.

The Germans are abandoning quantities of material and ammunition in accordance with the provisions of the armistice. At one point a German officer remained to turn over 42 guns, including two of 180-inch calibre.

All day long the roads through Luxemburg were crammed with marching troops flying regimental flags. The advance reached the assigned objectives early and rested for the remainder of the day.

Thousands of released prisoners streamed back into the American camp.

Kaiser Hasn't Abdicated

Paris, Nov. 18.—Berlin papers declare that Wilhelm has not abdicated, explaining that he only fled from the country. They point out that the act of abdication was not published.

To Return to Germany

Copenhagen, Nov. 18.—The workmen's and soldiers' council of Potsdam announces that it has learned that the former kaiser is planning to return to Germany, owing to the disturbances in Holland.

Rioting in Metz

Paris, Nov. 18.—German soldiers have been rioting in Metz, since November 10, according to a correspondent who went to that city to await its restoration. The French are scheduled to enter Metz tomorrow.

Italians Move Up

Rome, Nov. 18.—In compliance with the armistice provisions the Italians have occupied the main Austrian railway centers and passes toward the Austrian frontier.

Reaches Constantinople

Constantinople, Nov. 18.—Lieut. Gen. Wilson, commander-in-chief of the allied forces on the Bosphorus and the Dardanelles, today established his headquarters at the British embassy here.

Reichstag Dissolved

Washington, Nov. 18.—Chancellor Ebert has virtually dissolved the reichstag, and will permit no sitting pending convocation of the constitutional assembly, according to diplomatic advices from Bern today.

Former Rushville Boy Was Being Treated For Ear Trouble—Sends Souvenir.

OVER TOP WITHOUT SCRATCH

Corporal Arthur Pulliam, 83rd division headquarters detachment, has written his parents, Mr. and Mrs. Andrew Pulliam, from France, announcing that he has been discharged from the hospital where he was being treated for ear trouble. He had not received a scratch at the time the letters were written, although he had been over the top several times. Excerpts from his letter follow:

I at last have been discharged from the hospital and am working back of the lines running a movie machine. I certainly do like my work and feel at home with this business. You should be here and see all the boys come to the picture shows for they almost raise the roof off of the huts.

I guess that you all heard about the victorious battle and I was one of the lucky boys who came out without a scratch. Has Mrs. Cox heard from Albert yet? I met him

**The Job Before America**

The federal food administrator has made it plain that it is up to the American people, although restrictions surrounding the use of certain foods of which there has been a shortage, are partially removed, to feed our allies and neutral countries which have suffered because of the war.

For that reason there can not be much relaxation in the food program, which will continue to be directed by the food administration until peace is declared. It is announced that there is no truth in the statement that the food administration is to be transferred to the department of agriculture, nor has any bill been drafted by the executive departments to that end. The food administration will last by law until peace is legally declared. It will then automatically dissolve except as to obligations entered upon, and these must and will be discharged, either by the food administration or by assigning them to other departments of the government. In the meantime the Food Administration does not intend to relax its efforts in any direction.

The food administration itself considers that the law as at present framed is purely a war measure, and that its major provisions have no place in the country except to serve war ends. Whatever congress may decide as to continuation after peace of any of the measures now in force must be a matter of special legislation and the particular department that is to continue them will no doubt be determined at that time. The food administration in its function of feeding people abroad has a larger burden after armistice than before and this burden will continue until next harvest. There will be plenty of time between armistice and peace to determine upon any detailed method of liquidation of the war agencies of the government and what measures must be continued through the reconstruction period, it is stated.

The president has requested Mr. Hoover to take charge for this gov-

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to get Dr. Edwards' Olive Tablets.

Most headaches, "colic" and that irritating come from constipation and a clogged liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "lumpy." Note how they "clear" clouded brains and how they "perk up" the spirits. No need for a laxative. All doctors.

ernment of the organization of measures for the food relief of the liberated people of Europe and to proceed at once to Europe as the government's special representative for the determination of measures of relief in co-operation with the various governments concerned. It is necessary to perfect and enlarge the arrangements for foodstuffs to the populations in Belgium and France now being released. These populations have been supported for the last four years by the Commission for relief in Belgium under Mr. Hoover's chairmanship but, owing to the difficulties of transportation and distribution, of finance and fear of German seizure, the amount of foodstuffs furnished has been the very minimum of which human life could be maintained.

As the first measure of assistance to Belgium it is necessary to increase immediately the volume of foodstuffs formerly supplied so as to physically rehabilitate this undernourished population. The relief commission has, during the last four years, sent to the 10,000,000 people in the occupied area, over 600 cargoes of food, comprising 120,000,000 bushels of breadstuffs and over three billion pounds of other foodstuffs, besides twenty million garments, the whole representing an expenditure of nearly \$600,000,000. The support of the commission has come from the Belgium, British, French and American governments, together with public charity. In addition to this some \$350,000,000 worth of native produce has been financed internally in Belgium by the relief organization.

That the maintenance of this relief commission has been critically necessary is evidenced by the fact that in the same time and under the same conditions the population of Serbia is estimated to have diminished 50 per cent in number and that of Poland, 25 percent; whereas the population of Belgium, although suffering great privations, is still intact.

All the departments of the government are co-operating to support the enlarged program of the relief commission. The war industries board, the war trade board, the treasury, the shipping board and food administration are all putting their backs to the prompt advancements of the necessary measures for the immediate care of the populations in every direction.

The second portion of Mr. Hoover's mission is to organize and determine the need of foodstuffs to the liberated populations in southern Europe—the Czechoslovaks, the Yugo-Slavs, the Serbians, Roumanians and others. An adequate food supply will assist the governments set up to maintain order and cohesion in government and to prevent the complete debacle such as has taken place in Russia. Arrangements are being made by the food administration, the shipping board and the war department for the earliest possible despatch of foodstuffs to these liberated peoples, and Mr. Hoover will make the necessary arrangements abroad for distribution.

Th report that the kaiser would retire to the Island of Corfu in the Mediterranean never did sound reasonable because the climate there is mild. The former kaiser has a warm climate coming to him.

It might not be very safe for Germany to send a delegation to the United States to plead for food, as requested by Secretary Self, because the delegates might be given a reception similar to the farewe' VonBernstorff got.

Food Administrator Hoover said the people of the United States need not deprive themselves of a mouthful of food to feed Germany. Th statement was wasted effort because it is not likely that Americans will go hungry to supply an enemy who stole food that was sent from America for the starving Belgians.

Anyway, Germany did not starve for four years of war, and there is not as much reason for famine now as before hostilities ceased.

LOST ON TRANSPORT

Richmond, Ind., Nov. 18.—Sergeant Russell Smith, son of C. E. Smith, a laborer of this city, was lost when the transport Otranto was sunk last month in a collision of the Irish coast, according to word received here. He joined the army when he was seventeen years of age.

**Close Harmony Under Fire**

THE men had finished supper, and sat around in listless groups. Even when a shell went zooming overhead they showed no interest. They were fed up on this war.

A little gray car chugged up the hill to their camp. Two war work men stepped out, carrying between them a curious long box.

"What you got there?" asked the doughboys.

"An organ."

"Well, can you beat that!"

"We've come to give you a little entertainment," said one man.

"All right?"

"You bet it's all right," answered a young officer. "This gang hasn't seen a soul from the outside world for weeks. Go as far as you like."

And they did.

They sang the new songs, just over from Broadway. In a minute the whole camp was singing them. Then they sang the verse of a good old close-harmony melody, and the crowd roared the chorus.

"But haven't you men got anybody who can sing?" asked one of the entertainers. The response was immediate and overwhelming.

"Sure we have! Oh, you Shorty! Come on, Happy! Give 'em that 'Perfect Day,' Bill!"

And then things really started.

"Would you know it's the same gang?" asked the American officers.

For two hours it lasted, and then the visitors packed up their organ.

"Come again soon and send more of your men," said the officer. "We can't get too much of it!"

"So long!" yelled the men. "Good luck! Come again!"

Wherever there are American soldiers overseas, these organizations are carrying entertainment to them. Movies, concerts, lectures, local talent, even full-fledged comedies with a truck for the stage, from the simplest sing-songs in the woods to the most elaborate program in city theatres, everywhere free entertainment is provided to meet conditions.

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

3500 Recreation Buildings
1000 Miles of Movie Film
100 Leading Stage Stars
2000 Athletic Directors

2500 Libraries supplying 5,000,000 books
85 Hostess Houses
15,000 Big-brother "secretaries"
Millions of dollars of home comforts

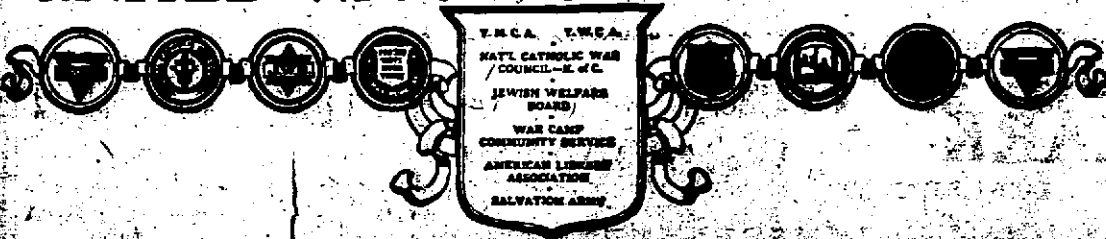

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war!

UNITED WAR WORK CAMPAIGN**PETER CONNOLLY IS DEAD AT AGE OF 62**

Agent For The Standard Oil Company Here Thirty Years—Large Family Survives Him

FUNERAL TOMORROW AT 8 A. M.

Peter Connolly, age 62 years, died at his home in West Third street, Saturday at midnight with a complication of diseases. He was born in Lafayette, Indiana, and came to this city in 1889. The deceased was the agent for the Standard Oil company here for thirty years.

Mr. Connolly was a member of the K. of C. lodge. His survivors are besides his wife, Mrs. Hannah Connolly, the following children: Miss Mary Connolly, Mrs. Frank Rogers, Mrs. Roe Orman, Miss Rosie Connolly, Miss Celia Connolly, Miss Helen Connolly, Paul Connolly, Peter Connolly and one brother, Michael Connolly of Chicago. The funeral services will be held at the St. Mary's Catholic church Tuesday morning at 8 o'clock with Father M. W. Lyons conducting the services. Burial will take place in the Calvary cemetery.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Hadn't Laid All Winter, Until He Tried This Plan.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung last January in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that Don Sung pays for itself and pays you a good profit besides, simply tell us and your money will be refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be promptly refunded. Call at our store today for a 50c or \$1.00 package.

APPRECIATION FOR BOYS WHO FOUGHT

Continued from Page One

"I am proud of these boys, proud of the record they have made. When Germany surrendered, they gave a true account of themselves. And how proud we are. We don't appreciate it, we don't realize what it means. We have been a great distance from it and we cannot appreciate it like the people in the other countries can. We cannot appreciate the conditions but we are sure of what these boys have done that you might live, that I might live and we can appreciate that fact.

"Another thing I am thankful for is the wonderful help of the Y. M. C. A. and similar organizations. They have made it possible for these boys to be kept as pure as when they left here. But I do pray that they will come back to a better country than

when they left and just as good a moral condition as the one they leave. The world has never seen anything like this before. The Civil War made lots of drunkards. This war has not made any drunkards. By the time these boys get back I hope it will not be possible to get a drop of liquor within the bounds of the United States. The government takes care of these boys when they are in the service and it is up to you and me to take care of them when they get back. We have said we are proud of them and we cannot let them go astray. Great credit goes to all of the associations that have done such a powerful work, the Y. M. C. A., the Y. W. C. A., the K. of C., the Salvation Army, the Jewish Council and all others that have worked for the good of our boys. Germany did not have a Y. M. C. A. and her morale did not have the results of it.

"Another thing I appreciate and I thank God for is the ministry. I am thankful for the preachers and publicity and in behalf of the public I want to thank them for what they have done. Every one of them has been as loyal as could be and every one of them has been a 'regular fellow' and has worked night and day for every thing to help win this war.

MAUDE MARIE COSTELLO

Gives Advice to Housewives

One of America's Foremost Authorities on Scientific Cooking and Pure Foods

Thousands of women are daily guided in their cooking by the advice and suggestions of this most eminent authority. Maude Marie Costello has shown these housewives how to materially reduce their table costs and secure better results in every branch of cooking—she has given them the benefit of her scientific methods, and has shown them how to avoid impure foods.

After courses of study in the Lewis Institute, University of Chicago, Simmons College and Boston Cooking School, Maude Marie Costello became a Domestic Science teacher of national fame—she knows which is best through her own experiments and the constant study of scientific cooking and pure foods.

One of the subjects nearest her heart—one which she has given endless study—one which she considers of vital importance—is the use of baking powder. In a recent interview, Maude Marie Costello said:

"I use Calumet Baking Powder because I find it absolutely dependable and uniform, and because it has more leavening strength than most baking powder. Like everyone who is interested in domestic science, I am interested in reducing the high cost of living and am interested in Calumet because it is sold at a moderate price.

"The wholesomeness of the ingredients used in the manufacture of Calumet is attested by the Remsen Reference Board, appointed by the President of the United States and by the medical profession.

"In my work I must use a baking powder which is wholesome beyond question and which is absolutely dependable, and Calumet meets all my requirements."

An endorsement by Miss Costello of any particular product is without dispute absolute proof that that brand is superior.

She has found, as you will find the first time you use Calumet, that Calumet is the one baking powder that absolutely insures uniform results—that its wonderful leavening strength produces the lightest, most healthful, tastiest bakings—that its wholesomeness makes all bakings nourishing and delicious. She has found that Calumet is pure in the can and pure in the baking—her tests prove conclusively as do those of millions of housewives who always use Calumet, that it goes farther than other baking powders, and inasmuch as you pay about half as much for Calumet as you do for most baking powders you save when you buy it—you save when you use it.

Get a can of Calumet at once on the money-back guarantee—test it every way—bake everything with it. If it does not beat in every way, any other brand you might be using your grocer is authorized to refund your money—you risk absolutely nothing. Begin now to enjoy real bakings—to save money.

Remember, Calumet is used by millions of housewives and domestic science teachers everywhere.

Lord and that nation who is not serving him shall perish.

"I rejoice not only in this for I rejoice in the fact the principals have been triumphant. This war is not only a war of peoples alone. It was a war of ideals and institutions of the right of kings and the right of one people to rule another. It was a war against the nobility of class and of character; against the aristocracy of blood and heredity. Again we have won with the principals eternal. Men have gone against one another that these principals might live and they have found out that no question is ever settled until it is settled right. We learned that in our compromise to human slavery, in the history of this great war and we will learn that the liquor question is another question that affects human rights and human interests and is not settled until we settle it at God would have us settle it."

When you prepare chickens for roasting why not put aside the livers, gizzards, neck, head, feet, and last wing joint for creamed chicken? These parts add little to the dinner roast, but supply an extra breakfast or supper dish.

And one of them gave his boy. And that boy has done this county and town the honor of receiving the Croix de Guerre. We have learned to love these preachers.

"Another thing I appreciate is the fellowship that has come from this war. I know more people than I ever knew before. I know more of their joys and sorrows. I have talked to them when their boys have gone away. I have collected money from them for war activities and many of you have done the same thing and I have found them diamonds in the rough.

"Another thing—this victory, has given us for development in our nation, our churches and our communities. Wonderful opportunities are open to us. These boys have sacrificed their lives. I know families in this town who have sent boys and without their support, giving them up has hurt too, from a financial standpoint. And down deep in our hearts we have all thought about them. Don't you imagine, my friend, that the obligation stops there. The demands from now on will be made that we give to this work and to this community the very best that is in you and me. They are not coming back saints but knowing that there is an Almighty God.

"And what a joyful time this homecoming will be. It is wonderful to think about. And the time is coming when they will get home. God grant that they can all come back to Rushville. There are some people here my friends whose boys can never come back. Some of them are gone never to return. But life is not all in the living. These boys are gone but some day in the great beyond there is going to be a great uniting of families. You have all made a supreme sacrifice.

"And a challenge comes to us to meet these boys when they come back—bigger than we were before. They are going to come back bigger and better men. To you comes this challenge to be a bigger woman and a bigger man than you ever were before. They will expect it. Let us be better Americans, let us resolve to love our country and to live it."

The Rev. Mr. Brown spoke in part as follows:

"The world's long dark night is ended. The beast of Berlin and the Central Powers has been caged and chained, if not changed. The crime and calamity of all the centuries has at last reached its climax. The day has dawned upon a new era. When the sun set upon last Sunday evening, it looked for the last time on a world ruled by autocracy and militarism. When it arose on Monday morning, it shown on a world dedicated to liberty and justice. From this world has been born we hope the era of universal peace.

"After the flood of destruction that has swept over, we enter upon a new era of a constructive civilization. Soon all of our soldiers who saw it through will come back home crowned with glory and with honor. But those who died in lands beyond the sea will be immortal in the lives and land for which they died. The heart of the whole of humanity is rejoiced tonight as it never rejoiced before and will never rejoice again until we shall gather around the great white throne before our Father and friends and the people of every country and every clime shall bring forth the royal diadem and crown Him King and Lord of all.

"It is a time for tears and for Thanksgiving; tears for those who have suffered and sacrificed and died; thanksgiving that all of this has not been in vain.

"Is your heart tonight sore and sad for some one that you shall never see again? But will you tonight sing the soldiers song? In one of the Y. M. C. A. huts they were having a song service. A large number of songs had been sung and then the leader asked for the boys to make the selection. A pale faced marine who had gone over the top fumbled through the pages of the song book for a little while; then he found the page and to the surprise of all there that day it was this, 'Count your many blessings and name them one by one,' and it will surprise you what the Lord has done. Friends, if a soldier wants to sing that song can not you and I tonight sing it though our hearts may be breaking.

"I thank God tonight, first that the power of Almighty God has not failed. During the long dreary days of retreat and defeat, the failure and sacrifices, a skeptical world was saying, 'where now is thy God?' But still the stout hearts and souls of those who believe in Him were rehearsing to themselves, 'Blessed be that nation whose God is the

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL. Spreaders you will find on our sample floor. Come in and see it.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

American women are right behind the U. S. troops in the trenches. Women nurses are now installed in hospitals 8 miles in the rear of the actual fighting line.

Many of our American women are unable to take up the duties of nursing at the front, but they should know how to take care of their own at home, and for this purpose no better book was ever printed than the Medical Adviser—a book containing 1,008 pages, and bound in cloth, with chapters on First Aid, Bandaging and care of Fractures, Taking care of the Sick, Physiology, Hygiene, Sex Problems, Mother and Babe, which can be had at most drug stores, or send 50 cents to the publishers, 663 Main St., Buffalo, N. Y.

The women at home, who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription. Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package. Lafayette, Ind.—"Favorite Prescription" was of great comfort to me during middle life. Whenever I felt melancholy, or had blinding dizzy spells or hot flashes, I would take it for a few days and it never failed to give me relief. I also used the "Healing Suppositories" and think they are splendid. About twelve years ago I wrote to the Faculty of the Invalids' Hotel, Buffalo, N. Y., for advice. I appreciate the advice given me. I always take pleasure in recommending Dr. Pierce's remedies and hospital."

THE QUICK WAY TO STOP A COUGH

When you have a severe, stubborn cough or cold, you need the best possible medicine you can get. Why not, therefore get one which is guaranteed the most soothing and satisfactory remedy ever used, or get your money back? Druggists everywhere are authorized to refund money if SCHIFFMANN'S EXPECTORANT is not found the very best ever used for Coughs, Colds, Bronchitis, Croup, Whooping Cough or Hoarseness. When mixed at home with honey or sugar syrup, 50 cents worth makes 64 teaspoonful. Positively contains no chloroform, opium, morphine or any other narcotic, and is unlike any other cough medicine. It is so pleasant to take that children are fond of it. In case druggists should not have it order direct of R. J. Schiffmann, St. Paul, Minn.

INSURANCE COMPANY SHOWS BIG INCREASE

Report of Rush County Farmers Reveals Almost 5 Million Dollars Worth of Business

THE LIMIT ON RISKS RAISED

Although the ninety-one members of the Rush County Insurance Company, at the annual meeting Saturday afternoon in the court house, voted unanimously not to make public the annual report, which has been customary, those who were present say that the report made a very satisfactory showing for the year.

It is said that the company showed an increase of over \$187,000 last year and that there is now nearly five million dollars worth of insurance on the books. The membership of the organization is 2,414. Members who took the position that the report need not be made public, said that those who were interested in the company's affairs should attend the annual meeting and hear the report. A motion to raise the limit on any single risk from \$4,000 to \$6,000 was carried.

The old officers were re-elected, all except one without a contest. L. R. Webb defeated Dolph Cameron for actuary by a vote of 64 to 27. W. A. Alexander was re-elected president and T. A. Jones vice-president. It was decided to hold the next annual meeting the second Saturday in February at 2 p. m. instead of 1 p. m. The annual meeting was set for October this year but had to be postponed on account of the influenza epidemic.

THE BEST TEST

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—says there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp ains in my back radiated to all parts of my body, and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

CONVALESCENCE

"Getting Better" is the most serious time for those who have had grippe, influenza or other severe sickness. Something more than ordinary good food is required to build you up. A tonic is needed, and for this purpose doctors usually prescribe some form of Iron, Nux Vomica, Gentian, and Zinc Phosphide.

The Iron especially is very essential but in most preparations it causes constipation. In Dr. Chase's Blood and Nerve Tablets this is overcome however, by the addition of Aloin to the other tonic remedies.

As these tablets contain all of these essential tonics in any easily assimilated form, they make a pleasant safe and sure health restorer and of inestimable value at this time.

Weigh yourself before taking and watch the rapid progress of returning health.

Dr. Chase's Blood and Nerve Tablets may be had at almost any druggists at sixty cents a box. Special strength ninety cents.—Adv.

WEAKNESS REMAINS LONG AFTER

Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Gentian; Phosphobismalein; Glacian Capsicum; Kolo.

GREAT NAVAL SURRENDER

German Fleet Scheduled to Leave Port Today to Meet Victors.

(By United Press.)
London, Nov. 18.—This week will see the greatest naval surrender the world has ever witnessed. A fleet of German battleships, battle cruisers, light cruisers and destroyers were scheduled to leave port today for unknown destination. They will be met by a British fleet, together with American and French representatives, and conducted to their destination. There will be ten battleships, five battle cruisers and six light cruisers.

MARGARET WILSON HURT

Injuries to President's Daughter Overseas Are Slight

New York, Nov. 18.—Miss Margaret Wilson, daughter of President Wilson, has been slightly injured in an auto mishap, according to a cablegram from Paris received by Y. M. C. A. officials here today. While making a tour of the camps Miss Wilson received an injury while riding over rough roads. Her head struck against the top of the machine. In spite of the injury, she kept her engagement to sing for the soldiers.

STATE BAN IS IMPROBABLE

Not Likely to be Put on Again Because of The Influenza

Indianapolis, Ind., Nov. 18.—Although the influenza epidemic was reported as growing worse in many parts of the state again today, Dr. J. N. Hurty, secretary of the state board of health, announced that it was unlikely that the state-wide ban on public meetings would again be placed in force.

The state board of health will meet Thursday and the conditions at that time will determine what further action toward combating the disease will be necessary.

COMMITTEE TO DRAFT BILL

Will Prepare Measure to Make Attorney General Appointive.

Indianapolis, Ind., Nov. 18.—Gov. Goodrich today appointed Roscoe Kipper of Booneville and Harry Tut-till of Michigan City to draft a bill to be presented at the next meeting of the legislature, which will make the office of attorney general appointive instead of elective.

Samuel Benz, democrat, appointed by the governor as a member of the legislative visiting committee, today declined to accept the position on account of ill health.

DENIES REHEARING

Washington, Nov. 18.—The supreme court today declined to review the case of Thomas Mooney, San Francisco labor leader, convicted of murder in connection with the San Francisco preparedness parade. While the court handed down no formal opinion in the case, the denial was based on the fact that the court could find no federal question involved.
